

OUTSTANDING ENGINEER AWARD

The ASME Philadelphia Section is calling for nominations for the “Outstanding Engineer Award”.

This award will honor an engineer who has made outstanding contributions to the mechanical engineering profession through project leadership and/or discovery, enhancement and application of technical knowledge.

The individual nominated shall be an ASME member who is currently practicing (or retired from) engineering in industry in the greater Philadelphia area.

Individuals will be nominated by colleagues (not necessarily ASME members) by submitting the following information:

- A summary statement of the candidate’s qualifications not to exceed 30 words
- A description of the candidate’s contributions not to exceed five pages.
- A maximum of three support letters
- A resume of the candidate not to exceed two pages. Include education, employment history and applicable memberships and awards.

The individual selected will be honored at the annual Philadelphia Section awards dinner in April 2018 .

Please submit the nomination package in electronic format:

TO:

Brandon Graham Brandongraham@asme.org
