Come hear Jill Tietjen, author of the bestselling book *Her Story: A Timeline of the Women Who Changed America* when she talks about the amazing women on whose shoulders we stand. Women created the Red Cross, invented the first effective childhood leukemia drug, invented the grocery bag, found the first computer bug and much, much more! Not to mention our own amazing women in Los Alamos history! Come be entertained, inspired, amazed, and energized. Bring your family and share this great opportunity to hear from a dynamic speaker.
