Call for papers for the 6th Presentation Contest by Students and Young Engineers in English Language Hosted by the American Society of Mechanical Engineers, Japan Section (ASME JAPAN)

Date: August 29, 2014

Place: Nihon University, Surugadai Campus, Building No.5, 2nd Floor, Meeting Room #524
1-8-14 Kanda Surugadai, Chiyoda-ku, Tokyo 101-8308
http://www.cst.nihon-u.ac.jp/campus/index.html

Access: When coming by JR Chuo-Soubu Line get off at “Ochanomizu” station. When coming by Tokyo Metro, Chiyoda Lime, get off at “Shin-Ochanomizu” station. The venue is 3 minutes walk from either station.

Purpose: The ASME JAPAN is pleased to host this contest as its pillar educational endeavor. Needless to say, the competence in presenting technical reports in English language is crucial for engineers of present and future generations to advance their careers in increasingly globalized environment. Considerable efforts have been waged to strengthen English language capability of Japanese engineering students and engineers. However, little efforts have been made with a focus on the presentation skill, and such targeted educational programs have rarely been undertaken by professional societies. The ASME JAPAN decided to launch a program which is designed to provide students and engineers in mechanical engineering with opportunities to experience public presentation and evaluation by senior members of the society.

Organizing committee members:
Masahiro TAKEI (Chair), Kenji OYAMADA (Secretary), Masaru ISHIZUKA, Koichi OTOMI, Makoto SATO, Rasoul AIVAZI, Hirotake NAKAI, Kazuaki INABA, Yasumasa SUZUKI, Hiromichi OBARA, Keisuke HORIUCHI

Plenary Lecture: NUMBER EXPLOSION: The Unavoidable in Future Science and Engineering Calculations
Prof. Wataru NAKAYAMA (ThermTech International)
Registration fee: None

Banquet fee: 3,000Yen (General) ; 1,000Yen (Student)

Only 12 speakers will be accepted for presentation, and 20 seats are reserved for audience. Please apply immediately according to the following instruction.

How to apply for speakers: Please send the following information via e-mail: the title of your speech, your name, e-mail address, institution/company name, telephone number, banquet participation (Y/N).

The e-mail destination: takei.secre@gmail.com

Deadline for speakers: August 17, 2014

How to apply for attendance: Please send the following message and data via e-mail: “I will attend ASME-Japan The 6th Presentation Contest by Students and Young Engineers in English Language, 2014”, your name, e-mail address, institution/company name, telephone number, banquet participation (Y/N).

The e-mail destination: takei.secre@gmail.com.

Deadline for attendee: August 17, 2014

The advance inquiry is welcome to: Professor Masahiro Takei, (Graduate School of Engineering Chiba University, Tel & Fax: 043-290-3212 E-mail: takei.secre@gmail.com)
