

CALL FOR ABSTRACTS AND PAPERS

ASME 12th Fuel Cell Science, Engineering & Technology Conference Co-located with the 8th Conference on Energy Sustainability

June 29 – July 2, 2014 at the Seaport Hotel in Boston, MA

Fuel Cell Conference sponsored by the ASME Advanced Energy Systems Division

ASME's 12th **International Fuel Cell Science, Engineering & Technology Conference** is designed for manufacturers of fuel cells and fuel cell components, utility staff and decision makers, the fuel cell research community, the business and investment community, educators and students with goals to: (1) exchange information, experiences, and insights from research to application, (2) provide a forum for discussion of advances, (3) identify challenges and solutions that can accelerate technology development, and (4) stimulate research and development activity in the emerging field of fuel cell systems and components for stationary, mobile and portable power applications.

Please submit a 400-word text-only abstract to:
<http://www.asmeconferences.org/ESFUELCELL2014>

DUE DATES

Technical Conference Papers for Peer-review

Submission of Abstract: January 13, 2014
Abstract Acceptance Notification: January 20, 2014
Submission of Draft Paper: February 20, 2014
Notification of Acceptance: March 20, 2014
Submission of Copyright Form: March 20, 2014
Submission of Final Paper: April 10, 2014

Technical Presentation Only

Submission of Abstract: March 15, 2014

Bacon Medal Nominations: February 1, 2014

LIST of TOPICAL AREAS of INTEREST

Open to all types of fuel cell technologies (e.g., proton exchange membrane, phosphoric acid, molten carbonate, solid oxide) and applications (e.g., transportation, stationary power, portable)

1. Modeling, Design, and Optimization for Fuel Cells
2. Materials Sets and Requirements for Fuel Cells
3. All types of Electrolysis and Electrochemical Separation and Compression
4. Production and Scale-up of Electrochemical Systems
5. Design, Integration and Balance of Plant of Electrochemical Systems
6. Fuels and Infrastructure for Fuel Cell Systems
7. Energy, Environmental, and Economic Analyses of Fuel Cell Systems
8. Global Markets, Policies, and Initiatives

- **Best Paper and Best Poster Awards** will be made at the conference.
- Please send **Nominations for the Bacon Medal** (the primary scientific award of the conference) to the Technical Program Chair (wcolella@alumni.princeton.edu) with the subject heading "Bacon Medal"

Advanced Registration Rates

Designed to encourage student participation
(travel fellowships available)

Member	\$690.00
Non Member	\$840.00
Student Member	\$250.00
Student Non Member	\$275.00

For questions involving topics or submittal of abstracts, please contact:

General Program Chair:

Dr. Jack Brouwer, jb@apep.uci.edu

Technical Program Chair:

Dr. Whitney G. Colella, wcolella@alumni.princeton.edu
