

IMECE®

ONE GREAT LEARNING EXPERIENCE.
INTERNATIONAL MECHANICAL ENGINEERING
CONGRESS & EXPOSITION®

CONFERENCE
NOV 16-19, 2020

Virtual Conference

ASME® IMECE® 2020 IS GOING VIRTUAL NOVEMBER 16-19, 2020

REGISTRATION IS OPEN

ASME's largest research and development conference focused primarily on mechanical engineering but also encompassing perspectives from many engineering disciplines, will be held virtually, November 16-19, 2020. Attend IMECE from anywhere and experience a fresh approach to learning, networking, and advancing the industry.

WHY ATTEND?

- Over four days, access more than 15 parallel sessions, featuring keynote speakers, plenaries and technical presentations, with topics ranging from critical advancements in mature fields of ME to new and innovative areas of R&D
- Network with leading researchers in their representative disciplines from academia, government, and industry R&D labs from around the world without the constraints of geography and travel
- For a deeply discounted rate, you'll gain on-demand access to all conference sessions and content for 90 days post-event, plus receive the conference proceedings, a value of over \$1,000

[Register Now!](#)

- MEMBER RATE: \$199
- NON-MEMBER RATE: \$399
