

***The NIH is the center of medical and behavioral research for the Nation  
---making essential medical discoveries that improve health and save lives.***

***Deputy Director, National Institute of Biomedical Imaging and Bioengineering  
National Institutes of Health  
Department of Health and Human Services***

***Are you a top-level Scientific Researcher or Scientific Administrator seeking a career at one of the preeminent biomedical research institutes in the Nation and the world?*** This position offers a unique and exciting opportunity to serve as second-in-command of the National Institute of Biomedical Imaging and Bioengineering with responsibility for a national and international program to conduct and support research, training, health information dissemination, and other programs with respect to research at the intersection of the life and physical sciences, and technology development in biomedical imaging and bioengineering. The Deputy Director will serve as principal advisor to the Director in evaluating, planning, directing, and coordinating all activities related to the mission and function of the Institute, in the development and execution of policies, and in the allocation of resources to carry out these policies.

***We are looking for applicants with a commitment to scientific excellence and the energy, enthusiasm, and innovative thinking necessary to lead within a dynamic and diverse organization.*** Applicants must possess an M.D. or Ph.D. or equivalent doctoral degree in the biomedical sciences, with broad senior-level research experience and experience in direct administration of a research program. Applicants should be respected within their profession, both nationally and internationally. For the full list of qualifications, please see the announcement located at <http://www.jobs.nih.gov/vacancies/executive.htm>.

***The successful candidate for this position will be appointed at a salary commensurate with experience and accomplishments,*** and with full Federal benefits, including leave, retirement, health and life insurance, long term care insurance and savings plan (401K equivalent).

***If you are ready for an exciting leadership opportunity, please see the detailed vacancy announcement at*** <http://www.jobs.nih.gov/vacancies/executive.htm> ***(under Executive Careers).***

**Applications are due by 11:59 p.m., EST on May 23, 2014.**
