## Chair's Corner

To all the student & senior member award recipients who were able to join us last month for our annual Honors & Awards meeting on April 28th – congratulations for all your hard work! Personally thought the choice of speaker, Conni L. Eckstein of The Boeing Company presenting “Your Engineering Career: Channeling Your Inner Chameleon” was especially appropriate for all students preparing to embark on their early careers. Hope that all can join us for the plant tour of the new OG&E solar powered plant near Mustang, OK (details above).

**All ASME, SWE, AIAA Section members, students, and guests are welcome.**

Thanks,

Tom Betzen, Chairperson of ASME Central Oklahoma Section
