CALL FOR PAPERS

36th ASME Computers and Information Engineering Conference (CIE)
Charlotte Convention Center, Charlotte, North Carolina
August 22-24, 2016

Papers are solicited on all aspects of computer applications on experimental, numerical, or analytical studies with emphasis in the following general and special topic areas:

CIE-1 Advanced Modeling and Simulation (AMS General)
CIE-3 Systems Engineering Information Knowledge Management (SEIKM General)
CIE-4 Virtual Environments and Systems (VES General)
CIE-5 AMS: Inverse Problems in Science and Engineering
CIE-7 AMS: Computational Multiphysics Applications
CIE-8 AMS: Multiscale Material Characterization Methods and Applications
CIE-9 AMS: Uncertainty Quantification in Simulation and Model Verification & Validation
CIE-10 AMS: Simulation in Advanced Manufacturing
CIE-11 AMS/SEIKM/CAPPD: Design, Simulation and Optimization for Additive Manufacturing
CIE-12 CAPPD: Emotional Engineering
CIE-13 CAPPD: Human-Centric Design
CIE-14 CAPPD: Multimodal INTerfaces for Engineering Design (MINTED)
CIE-15 CAPPD: Modeling Tools and Metrics for Sustainable Manufacturing
CIE-16 CAPPD/AMS: Human Modeling: Methods and Applications in Engineering
CIE-17 SEIKM: Design Informatics
CIE-18 SEIKM: Systems Engineering
CIE-19 SEIKM: Knowledge Capture, Reuse, and Management
CIE-20 DAC-6 Design for Resilience and Failure Recovery
CIE-21 SEIKM: Smart Manufacturing Informatics
CIE-22 VES: General Technology for Augmented, Virtual & Mixed Reality
CIE-23 VES: Interaction and Interfaces
CIE-25 VES: Game Ecosystems in Engineering
CIE-26 CIE: Student Poster Session

Submit your abstract and draft paper as soft copy in electronic format at the following website: http://www.asmeconferences.org/IDETC2016/

Conference Organizers:
Conference Chair: Monica Bordegoni
Politecnico di Milano, Italy
Email: monica.bordegoni@polimi.it

Program Chair: Ian Grosse
University of Massachusetts, MA, USA
Email: grosse@ecs.umass.edu

Please observe the following firm submission deadlines:
