Flowserve Overview:

Flowserve manufactures and services fluid motion control solutions for the world's toughest, most critical applications.

Presentation will show what a mechanical seal is, what it does and how they work. Glenn will have some cut away seals for review.

Glenn Beachy and Dave Hitchner Bios:

Glenn Beachy is District Manager at Flowserve. Glenn has a BS in Industrial Technology / Education from Millersville University of Pennsylvania.

Dave Hitchner is General Manager for Seal Quick Response Centers.
