

The Pennsylvania State University
College of Engineering
The Harold and Inge Marcus Department of Industrial & Manufacturing Engineering
University Park, PA 16802

The College of Engineering invites nominations and applications for the Peter and Angela Dal Pezzo Department Chair and Head of the Harold and Inge Marcus Department of Industrial and Manufacturing Engineering. The College seeks an individual who will provide imaginative and energetic leadership with a strong commitment to established standards of excellence in research and higher education. The successful candidate must possess a distinguished record of research, teaching, and scholarship, as well as excellent administrative and interpersonal skills. An earned doctorate in Industrial Engineering or a related field is required.

The Department Head position holds the unique distinction of being the only endowed department head chair in an endowed engineering department at Penn State University. The \$5 million department endowment, the \$3 million endowed chair, and the recently completed Leonhard Building present significant opportunities for continued development and innovation. The Leonhard Building is a state-of-the-art facility with 60,000 sq. ft. of laboratory, office, and classroom space. A distinctive feature is the 10,000 sq. ft. Factory for Advanced Manufacturing Education (FAME), which is an integrated high-bay laboratory with most of the elements of a real manufacturing facility.

The Department has 25 full-time faculty members and a number of joint and affiliated faculty including 20% women, 11 staff members, 428 undergraduate students and 197 graduate students. The annual research expenditures are approximately \$2 million with major thrusts in manufacturing, operations research, and human factors. The Department is consistently ranked among the top IE programs in the US, and continues to be a leading innovator in multi-disciplinary curriculum and research activities, both within Penn State and through partnerships with other universities and industry, nationally and internationally. For additional information, please visit the Department's web site at <http://www.ie.psu.edu>.

Nominations and applications will be considered until the position is filled. Screening of applicants will begin on February 1, 2015. It is intended that the position be filled by the beginning of the 2015/16 academic year. Applicants should submit a statement of professional interests, curriculum vitae, and the names and addresses of four references, in one pdf file electronically to job #55169 at <http://www.psu.jobs>. Applications will be treated with the strictest confidence. Inquiries can be made to Judith Todd via e-mail to jtodd@psu.edu or by phone at: (814) 863-0771.

CAMPUS SECURITY CRIME STATISTICS: For more information about safety at Penn State, and to review the Annual Security Report which contains information about crime statistics and other safety and security matters, please go to <http://www.police.psu.edu/clery/>, which will also provide you with detail on how to request a hard copy of the Annual Security Report.

Penn State is an equal opportunity, affirmative action employer, and is committed to providing employment opportunities to minorities, women, veterans, disabled individuals, and other protected groups.
