Dear Colleagues:

**CALL FOR NOMINATIONS: 2016 Chao and Trigger Young Manufacturing Engineer Award!!!**

The Chao and Trigger Young Manufacturing Engineer Award from ASME’s Manufacturing Engineering Division (MED) is awarded to a young manufacturing researcher under 40 with potential for significant fundamental contributions to the science and technology of manufacturing processes. Nominees must not have reached their 40th birthday at the date of submission of the nomination deadline. Nominees must be an ASME member. The award is in the form of a $1000 honorarium and a plaque.

**If you know any individuals that deserve this award please let us know. Please NOMINATE!!**

- **Nomination deadline: February 1**
- Please send three (3) letters of reference (nomination letter plus two additional letters) to MED Awards Committee Chair, Shounak M. Athavale, sathaval@ford.com

Best Regards,
MED Executive Committee
