ERRATA

Pages 42-43, Figures A-2 and A-4
Correct uppermost labels on pressure axes to read $10^2$ (not $10^{-2}$)

Page 48, Equations (B-17a) and (B-17b)
Correct equations to read as follows:

$$S = \frac{1}{\Delta \bar{T}} \quad \text{for} \quad \bar{T} \geq 1$$

$$S = \frac{C_6}{\Delta \bar{T}^{0.6}} \quad \text{for} \quad \bar{T} < 1$$

Page 51, References
Correct reference [9] as follows:

Page 154, Figure S-3, Kinematic Viscosity
Correct labeling on the vertical axis as follows:

vertical axis labels should be multiplied by $10^{-6}$
(vertical axis extends from $10^{-7}$ m$^2$.s$^{-1}$ to $2 \times 10^{-3}$ m$^2$.s$^{-1}$)

Page 275, Figure U-3, Kinematic Viscosity
Correct labeling on the vertical axis as follows:

vertical axis labels should be multiplied by $10^{-6}$
(vertical axis extends from $10^{-6}$ ft$^2$.s$^{-1}$ to $3 \times 10^{-2}$ ft$^2$.s$^{-1}$)
