

Presents a tour of

The Hunter logo, which consists of the word "Hunter" in a white, bold, sans-serif font with a registered trademark symbol (®) to the right, set against a solid blue rectangular background.

**You're invited** to attend an Open House & Tour of Hunter Industries on Tuesday April 14, 2015 at 5:30PM; everyone is welcome!

Hunter Industries is a global leader and manufacturer of irrigation, landscape lighting, and custom manufacturing products. The tour will include a look at their expansive engineering and manufacturing areas including Production & Assembly, Injection Molding, and Machine & Tool Shops.

Their product innovations have earned them the reputation and ability to do business in 125 countries across the world. Although they're global, they're family owned, which makes them unique. Their casual, fun and friendly work environment is something they've preserved over the years, even with more than 1,500 employees.

Long pants and closed toe shoes are required (no flip-flops, shorts, or skirts, please). Eye protection is required and will be provided. Photography will be restricted in some areas.

Hunter is hiring and has expected growth within their Engineering department; view the job board here: <http://corporate.hunterindustries.com/careers> and you can learn more about Hunter products by visiting [www.hunterindustries.com](http://www.hunterindustries.com).

**Address:** 1943 Diamond Street San Marcos, CA 92078.

**RSVP** by 9 am on Monday, April 13 2015, online at <http://goo.gl/forms/R6HZmsAEgc> or email [sandiego.asme@gmail.com](mailto:sandiego.asme@gmail.com)

An optional dinner at a local restaurant (TBD) will follow the tour. Come along and socialize with fellow engineers!
